

# Contents

## Magnetic Resonance Imaging: Head, Neck, Chest

<b>Brain and Skull</b> .....	2	Chest MRI with Gd-DTPA .....	29
Modifications .....	6	MRI of the Chest Wall and	
Ruling Out Bleeding .....	6	Mediastinum. ....	29
Neurocranium after Surgery		<b>Sternum</b> .....	30
(Tumor) .....	7	Modifications .....	34
Early Detection of Infarction .....	8	Contrast MRI of the Sternum. ....	34
Inner Ear (e. g., Acoustic Neuroma)	9	<b>Breast</b> .....	35
Epilepsy (Temporal Lobe		<b>Breast with Breast Implants</b> .....	38
Adaptation) .....	11	<b>Heart</b> .....	40
Measurement of CSF Flow .....	13	Modifications .....	54
<b>Orbit</b> .....	16	Modification A: Myocardial Stress	
<b>Sella</b> .....	19	Test for Detection of Ischemia ...	54
<b>Soft Tissues of the Neck</b> .....	22	Modification C: Late Enhancement	61
<b>Chest</b> .....	26	Modification D: Morphology	
Modifications .....	29	(e. g., Tumor Screening) .....	68

## Magnetic Resonance Imaging: Abdomen, Pelvis

<b>Upper Abdomen/Liver</b> .....	72	Biliary Tree and Pancreatic Duct ..	98
Modifications .....	76	Dynamic Contrast Series .....	99
Diffusion-weighted Image of the		Secretin-Enhanced MR Pancreato-	
Liver. ....	76	graphy .....	100
MRI of the Liver with Gd-DTPA ...	77	<b>Kidney</b> .....	101
Hepatic MRI with Liver-specific		Modifications .....	104
Contrast Medium for T1-weighted		MR Urography .....	104
Imaging .....	78	<b>Adrenal Gland</b> .....	107
Liver MRI with Superparamagnetic		Modifications .....	110
Contrast Agent .....	78	Dynamic Series .....	110
<b>Biliary Tree</b> .....	79	<b>Pelvis</b> .....	112
<b>Small Intestine (Hydro-MRI)</b> .....	81	Prostate .....	116
Modifications .....	85	Pelvic Outlet Measurements	
MRI of the Small Intestine .....	85	(Sizing the Birth Canal) .....	120
<b>MR Colonography</b> .....	87	<b>Testes</b> .....	123
Modifications .....	93	Search for the Testis (e.g., an	
MR Colonography without Bowel		Undescended Testis) .....	126
Prep ("Fecal Tagging") .....	93	<b>Penis</b> .....	127
<b>Pancreas</b> .....	94	<b>Temporomandibular Joint</b> .....	134
Modifications .....	98	<b>Shoulder</b> .....	137

## Magnetic Resonance Imaging: Bones, Joints

Modifications .....	141	<b>Elbow</b> .....	147
Indirect Arthrography of the		Modifications .....	152
Shoulder (e.g., for Diagnostic		Indirect Arthrography of the	
Workup of the Glenoid Labrum) ..	141	Elbow (e.g., When Looking For a	
<b>Upper Arm</b> .....	142	Loose Body) .....	152

**Forearm** . . . . . 153  
**Wrist** . . . . . 157  
 Modifications . . . . . 161  
     Indirect Arthrography of the  
     Wrist . . . . . 161  
**Finger** . . . . . 164  
**Hip** . . . . . 168  
**Thigh** . . . . . 173  
**Knee** . . . . . 177  
 Modifications . . . . . 182  
     Enhanced MRI of the Knee . . . . . 182  
     Indirect Arthrography . . . . . 184

**Lower Leg** . . . . . 186  
**Ankle** . . . . . 191  
 Modifications . . . . . 195  
     Technical Study Modification:  
     Imaging of the Cartilage . . . . . 195  
     Indirect Arthrography of the  
     Ankle . . . . . 195  
     MRI of the Achilles Tendon . . . . . 198  
     Enhanced MRI of the Ankle . . . . . 200  
**Forefoot** . . . . . 202  
 Modifications . . . . . 205  
     Enhanced MRI of the Forefoot . . . . . 205

**Magnetic Resonance Imaging: Spine**

**Cervical Spine** . . . . . 208  
 Modifications . . . . . 213  
     Suspected Tumor, Suspected  
     Spondylodiskitis, Abscess . . . . . 213  
     Suspected Disseminated Ence-  
     phalomyelitis or Syringomyelia . . . . . 214  
     Trauma, Suspected Fracture . . . . . 215  
**Thoracic Spine** . . . . . 218  
     Suspected Tumor or Spondylo-  
     diskitis, Abscess . . . . . 222

Trauma, Suspected Fracture . . . . . 223  
**Lumbar Spine** . . . . . 226  
 Modifications . . . . . 230  
     After Lumbar Disk Surgery . . . . . 230  
     Suspected Tumor or Spondylo-  
     diskitis, Abscess . . . . . 231  
     Trauma, Suspected Fracture . . . . . 232  
     Sacroiliac Joints . . . . . 234  
**MR Myelography** . . . . . 239

**Magnetic Resonance Angiography**

**Cranial Vessels** . . . . . 242  
 Angiography of Intracranial Arteries . . . . . 242  
 Angiography of Venous Sinuses . . . . . 243  
 Modification A: Test Bolus . . . . . 249  
 Modification B: Bolus Detection . . . . . 251  
 Modification C: Time-resolved  
 (4D-)MRA . . . . . 252  
**Thoracic Aorta** . . . . . 254  
 Modification A: Test Bolus . . . . . 256  
 Modification B: Bolus Detection . . . . . 258  
 Modification C: Time-resolved  
 (4D-)MRA . . . . . 259  
**MR Angiography of Pulmonary  
 Arteries** . . . . . 261  
 Modification A: Test Bolus . . . . . 263  
 Modification B: Bolus Detection . . . . . 264  
**Arteries of the Upper Arm** . . . . . 268  
 Modification A: Test Bolus . . . . . 268  
 Modification B: Bolus Detection . . . . . 270  
 Modification C: Time-resolved  
 (4D-)MRA . . . . . 272  
**Arteries of the Forearm** . . . . . 273  
 Modification A: Test Bolus . . . . . 273

**Arteries of the Hand** . . . . . 278  
 Modification A: Test Bolus . . . . . 278  
 Modification B: Time-resolved  
 (4D-)MRA . . . . . 282  
**Abdominal Aorta** . . . . . 283  
 Modification A: Test Bolus . . . . . 286  
 Modification B: Bolus Detection . . . . . 287  
**Renal Arteries** . . . . . 290  
 Modification A: Test Bolus . . . . . 293  
 Modification B: Bolus Detection . . . . . 294  
 Modification C: Time-resolved  
 (4D-)MRA . . . . . 296  
**MR Angiography of Pelvic and  
 Leg Vessels** . . . . . 298  
 Modification A: Table Feed  
 (Bolus Chase) Technique . . . . . 298  
 Modification B: Double-bolus  
 (Hybrid) Technique . . . . . 302  
     Lower Leg . . . . . 302  
     Phase-Contrast-Survey  
     (Vessel Scouts) . . . . . 305  
**Whole-body MR** . . . . . 308  
 Examples . . . . . 312
