# Contents

<b>Introduction</b> .....	1
---------------------------	---

---

## Part I Foundations

---

<b>1 Model-Based Testing</b> .....	7
1.1 The Software Development Process .....	7
1.2 UML and UTP in System Development .....	9
1.3 Model-Based Test Development .....	11
1.3.1 Black-Box Testing Approaches .....	11
1.3.2 White-Box Testing Approaches .....	12
1.3.3 Automatic Test Generation .....	12
<b>2 Basics</b> .....	15
2.1 UML Overview .....	15
2.1.1 Introduction to Class Models .....	15
2.1.2 Introduction to Use Cases .....	18
2.1.3 Introduction to Sequence Diagrams .....	20
2.1.4 Introduction to State Machines .....	25
2.1.5 Introduction to Activities .....	27
2.2 UTP Overview .....	29
<b>3 Library Example Introduction</b> .....	35
3.1 What Is a Library? .....	35
3.2 What Is Inside a Library? .....	44
3.3 Testing a Library .....	45

---

## Part II Functional Testing

---

<b>Overview</b> .....	49
-----------------------	----

<b>4</b>	<b>Unit Level Testing</b> .....	51
4.1	UTP and Unit Level Testing .....	51
4.1.1	State Machines .....	55
4.1.2	Interactions .....	55
4.1.3	Activity Diagrams .....	59
4.2	Chapter Summary .....	60
<b>5</b>	<b>Component and Integration Level Testing</b> .....	63
5.1	Integration Strategies and Integration Level Testing .....	64
5.2	Test Configuration, Test Components, and Emulators .....	65
5.3	UTP and Integration Level Testing .....	66
5.4	Chapter Summary .....	69
<b>6</b>	<b>System and Acceptance Level Testing</b> .....	71
6.1	UTP and System Level Testing .....	72
6.1.1	Use Cases .....	73
6.2	Chapter Summary .....	81

---

**Part III Advanced Testing Concerns**

---

<b>Overview</b> .....	85	
<b>7</b>	<b>Data-Driven Testing</b> .....	87
7.1	UTP and Data-Driven Testing .....	87
7.1.1	Value Specification .....	87
7.1.2	Parameterization of Tests and Data Pools .....	91
7.1.3	Encoding and Decoding of Data .....	95
7.2	Chapter Summary .....	95
<b>8</b>	<b>Real-Time and Performance Testing</b> .....	97
8.1	Real-Time Testing Concerns .....	98
8.2	UTP and Real-Time Testing .....	99
8.2.1	Hard Real-Time Concerns .....	99
8.2.2	Soft Real-Time Concerns .....	103
8.3	Performance Testing Concerns .....	106
8.4	UTP and Performance Testing .....	109
8.5	Summary .....	110

---

**Part IV Applications of UTP**

---

<b>Overview</b> .....	115
-----------------------	-----

<b>9</b>	<b>User-Interface Testing</b> .....	117
9.1	Issues in User-Interface Testing .....	117
9.2	Planning UI Test Activities .....	118
9.2.1	User Interface Context .....	119
9.2.2	Logical Aspects .....	119
9.2.3	Physical Aspects .....	119
9.2.4	Localization Aspects .....	119
9.3	UTP and User-Interface Testing .....	120
9.3.1	Test Context and Configuration .....	120
9.3.2	Using Interaction Diagrams .....	123
9.4	Usability Testing .....	123
9.5	Chapter Summary .....	124
<b>10</b>	<b>Testing Service-Oriented Architecture Applications</b> .....	125
10.1	Service-Oriented Architecture Overview .....	125
10.1.1	Service Orientation: Basic Concepts .....	125
10.1.2	Testing Concerns for SOA .....	132
10.2	UTP Test Specification for SOA Applications .....	134
10.2.1	Testing Individual Web Services .....	134
10.2.2	Testing Business Processes .....	136
10.3	Conclusion .....	140

---

## Part V Tools

---

<b>11</b>	<b>Tool Frameworks and Examples</b> .....	143
11.1	Kinds of UTP Tools .....	143
11.2	Tool Interoperability .....	146
11.3	Executable UTP .....	147
<b>12</b>	<b>Test Execution with JUnit</b> .....	149
12.1	JUnit 4.0 Fundamentals .....	150
12.1.1	Annotations: A New Foundation for JUnit .....	150
12.1.2	Test Methods .....	150
12.1.3	Set up and Tear down .....	151
12.1.4	Assertions .....	151
12.1.5	Test Method Annotations .....	152
12.2	UTP to JUnit Mapping .....	152
12.3	UTP to JUnit Example .....	154
12.4	Conclusion .....	156
<b>13</b>	<b>Test Execution with TTCN-3</b> .....	157
13.1	Fundamentals of TTCN-3 .....	157
13.1.1	Modules and Test Cases .....	159

13.1.2	Types and Values .....	159
13.1.3	Test Components and Test Behavior .....	160
13.1.4	UTP and TTCN-3 Relationship .....	160
13.2	UTP to TTCN-3 Mapping .....	160
13.3	UTP to TTCN-3 Example .....	161
13.4	Executing UTP Specifications via TTCN-3 Test Platforms .....	167
13.5	Representing TTCN-3 Test Suites by UTP .....	167
13.6	Conclusion .....	168

---

**Part VI Appendixes**

---

<b>A</b>	<b>UTP Reference Guide .....</b>	<b>171</b>
	<b>Acronyms .....</b>	<b>175</b>
	<b>References .....</b>	<b>177</b>
	<b>Index .....</b>	<b>181</b>
