3	Strategic Y.M. issues	25
	3.1 Mission	26
	3.2 Funding philosophy	26
	3.3 Creating value- in the eyes of the market	27
4	Concluding debate	28
	References	30

**Human issues and the introduction of a
yield management system.**

A case study of a 4* Chain Hotel

by Bob Brotherton and Rebecca Turner

1	Introduction	35
2	Methodology	36
3	Literature review	37
4	The case study	40
5	Conclusions and recommendations	49
	References	51

**Yield management and trust:
the effect of variable pricing on consumer
trust in a restaurant brand**

by Una McMahon Beattie, Adrian Palmer, Patrick McCole
and Anthony Ingold

1	Introduction	56
2	Reasons underlying variable pricing	57
3	Individual pricing and relationship marketing	59
4	Yield management	60
5	Hypothesis of the research	60
	5.1 Methodology	60
6	Conclusions and management implications	62
	References	63

Controlling the yield management process in the hospitality business

by Paolo Desinano, Maria Stella Minuti, Emanuela Schiaffella

1	Introduction	65
2	A general framework to control hotel YMS	66
3	General considerations about demand forecasting	67
4	General considerations about room inventory control	69
5	The control process: tracking	70
	5.1 Inventory report	70
	5.2 Sales report	71
	5.3 Reservation report	71
	5.4 Pricing report	72
	5.5 Unsold report	73
6	The control process: checking	73
7	The control process: signalling	75
8	The control process: controlling and updating	76
9	Conclusions	77
	References	78

Part II – Yield management: new applications

Revenue management in visitor attractions: a case study of the EcoTech Centre, Swaffham, Norfolk

by Julian Hoseason

1	Introduction	83
2	Background	84
3	The economics of visitor attractions	86
4	Marketing and ideal markets	87
5	Yield management	89

6	Data gathering	91
7	Results and discussion	92
8	Conclusions	95
	Appendix	97
	References	98

Revenue management in the restaurant sector

by Charlotte R. Rassing

1	Background information	101
	1.1 Purpose and composition of the paper	101
2	Introduction	102
3	Literature review	103
4	Implications for the use of revenue management	104
5	Complexity of pricing in the restaurant sector	105
6	Menu analysis	106
7	Empirical study to be undertaken	107
	References	109
	Appendix	111
	Questionnaire	112

Revenue management and food service businesses: the case of Italy

by Emanuela Schiaffella

1	The food service sector in Italy	113
	1.1 The food service supply and demand in Italy: a reference summary	113
	1.1.1 Sector data: the food service supply	113
	1.1.2 The food service demand	114
2	Revenue management and food service businesses	115
	2.1 Applicability of revenue management	115
	2.1.1 Overview	115

2.1.2	Applicability requirements and food service businesses	117

Recent events, challenges and options in revenue management

by Paolo Desinano

1	Introduction	121
2	Y&RM community: towards growing consolidation	122
3	CRM vs. Y&RM?	122
4	The spreading fascination of RM	123
5	Conclusions	124
	References	125

Part III - Information instruments for a YMS in the hospitality industry

Microsoft Fidelio: Opus 2 overview

by Opus 2 Revenue Technologies

1	Organisation & scope of operations	129
1.1	Service/product overview	130
2	Supplier's description of goods and services	131
2.1	System architecture	131
2.2	Property configuration	132
2.3	Property initialization	132
2.4	Data flow	134
3	RMS system versions	135
3.1	Interfaces	135
3.2	Forecasting	136

3.2.1	History sets	136
3.2.2	Trending	137
3.2.3	Hourly reforecasting	137
3.2.4	Forecastable clusters	137
3.2.5	Special events/demand changes	138
4	Group management	138

e-yield™ technical brief

by IDEaS Inc., Integrated Decisions and Systems

1	e-yield™	141
1.1	What is e-yield™?	141
1.2	Why e-yield™?	143
2	IDeaL/CARE	145
2.1	What is IDeaL/CARE?	145
3	IDEaL/RESULTS	148
3.1	What is IDEaL/RESULTS?	148
3.2	What is required?	148
3.3	How does it work?	149
3.3.1	Control study report	149
3.3.2	Transient business report	149
3.3.3	Total business report	149
4	Are the results valid?	150
4.1	Why measure?	150
5	Hotel management	151
5.1	Defining the strategies that drive the decisions	151
5.2	Preparing for success	152
6	Decision integration	152
